FAX: _____
Participants: _____

Need: (terraces, grade stabilization, windbreak etc) _____

Legal Description (include aerial map) _____

You have chosen to request financial assistance with Webster County Soil and Water Conservation District and IDALS Division of Soil Conservation. To best process your request, there are a few things you should understand before proceeding:

1. All financial assistance programs have eligibility requirements. If you are eligible for financial assistance, any practices tied to your account will be bound by a maintenance agreement that can be in effect for as long as 20 years.
2. By applying for financial assistance you will be granting district representatives the right of ingress and egress to your land so that they may process your request.

Right of Ingress and Egress

Soil and Water Conservation District Commissioners and their agents are granted the *Right of Ingress/Egress*. The agreement specifies that the district will provide technical assistance in planning, applying, and maintaining soil conservation and water management practices on a tract of land. The landowner through this agreement grants authorization to district personnel for ingress and egress upon the land. The agreement contains information necessary for the district to prioritize technical assistance activities.

If you agree to the above, you may sign here:
